

CLIFTON HILL PRIMARY SCHOOL

PHOTOGRAPHIC PERMISSION FORM

At Clifton Hill Primary School children will be involved in a range of activities that may be used for a variety of purposes. These activities might include regular classroom tasks and projects or special school events such as sporting events, camps and excursions.

The work that children and staff produce whilst engaged in school life includes printed material, digital material, art works, photographs, DVDs and audio recordings.

This form seeks your permission to use your child's image for displays and learning activities, both at school and on the Ultranet*. Images on the Ultranet are only viewable by members of our school community (teachers, students and parents/guardians).

In the event that an opportunity arises for your child's image to be used outside of our school community such as television or print media or a public website, your permission will be sought.

To support staff in their work we require all parents to complete the authorisation from below. If you have any further questions please contact your child's teacher.
